

Flexible Travel. Made Easy.

Give your clients the freedom to book with confidence. With clear, upfront pricing, flexibility, support, and over 100 years of expertise, AAT Kings takes care of every detail so they can focus on the experience ahead.

Flexibility to Change Plans

Plans evolve and that's okay. Clients can change their travel dates, itinerary, or even destination with ease, without losing the value of their booking on the land portion of their trip.* With generous change timeframes across Day Tours, Short Breaks, and Guided Holidays, they can plan ahead with total confidence.

Should their plans change entirely, and they cancel before final payment is due, their deposit is protected for up to five years, giving them the flexibility to rebook when the time is right.

Trusted Travel with Experts

With over 100 years of experience across Australia and New Zealand, AAT Kings is a trusted leader in guided holidays. Your clients are in safe, experienced hands.

Reassurance When It Matters

If the unexpected impacts their travel and no suitable alternative can be arranged, clients have the reassurance of a refund on the land portion of their trip.*

It's added peace of mind when booking ahead.

Seamless, Stress-Free Travel

From booking to return, every detail is taken care of. Expert Travel Directors, premium coaches, and thoughtfully curated experiences ensure a smooth, enriching journey, so clients can truly switch off and enjoy.
